

Controller Services

Refine your accounting procedures and practices so you can put your numbers to work for you.

Want greater command of your finances? Increased ROI from your accounting staff? There's never been a better time to turn to the services of a Beyond the Bottom Line controller. We specialize in working with nonprofits and social enterprises like yours to make sure your financial operations run smoothly during any economic climate.

Our financial expertise is available whenever you need it, for as long as you need it.

Whether your organization is starting up, growing or in transition, you can benefit from the insight and expertise of the seasoned financial executives at Beyond the Bottom Line. We've helped dozens of organizations by providing the insightful, practical financial information you need to succeed.

Results you achieve with our outsourced Controller Services:

- Improved effectiveness of your accounting department while minimizing fixed costs
- Enhanced financial management capabilities across the board
- Strategic financial planning
- Accounting system that's just right for your needs, whether it's an upgraded system or greater efficiency within your current system

Our controllers perform these and other important responsibilities:

- Establish and implement financial policies and operating procedures
- Oversee all financial operations
- Manage and direct month-end closing process, including income statement, balance sheet and cash flow statement
- Design, establish and manage staff organizational structure, including hiring, training, coaching and setting performance standards
- Analyze and review budgets and expenditures for operations, programs, funding and grants
- Manage the preparation of financial outlooks and forecasts
- Monitor and analyze monthly operating results against budget
- Direct internal and/or external financial audits
- Suggest benchmarks for measuring performance
- Participate in financial analyses

You don't have to choose between a better world and the bottom line.

Beyond the Bottom Line helps nonprofits and social enterprises take control of their numbers so they can achieve greater financial success. Through financial assessments, interim CFO services, executive searches and outsourced accounting services, BTBL operates as an objective, hands-on financial partner on an as-needed basis. Since 1998, our executive-level professionals have filled leadership and advisory roles for more than 175 organizations.
