

Interim CFO Services

Get control of your finances with expert guidance from a problem-solving CFO.

Many organizations face financial challenges from time to time, or need financial leadership during periods of transition. An Interim CFO from Beyond the Bottom Line can step in at any time, identify and solve financial problems, and help guide your nonprofit or social enterprise to the next level of success.

With a seasoned Interim CFO on your side, you can focus on what you do best: fulfilling your mission.

These days it's more important than ever to manage your organization's finances. Cash flow, cost reduction, accountability, transparency, tax planning — our interim and outsourced CFOs help you take control of your financial operations so you can adapt to the current economy and continue to thrive.

Our CFOs have decades of experience and insights to apply tactically and strategically. They can assess your overall financial situation, uncover hidden opportunities and help shape your financial strategy moving forward. All without the fixed expense of a C-level executive.

Examples of customized Interim CFO services include:

- Refine or restructure financial operations to improve cash flow and operating profit
- Improve efficiency and reduce costs of accounting department
- Develop strategic plans for all financial aspects of your organization

- Establish, revise and maintain internal control safeguards to detect and eliminate fraud and theft
- Oversee selection and implementation of the right accounting system for your organization
- Create board packages and present top level financial reports to board of directors
- Support initiatives by analyzing reports, weighing options and making recommendations
- Orchestrate collaborations, partnerships or merger opportunities
- Develop, implement and evaluate program costing and the supporting information systems
- Achieve overall financial accountability through solid rules and procedures

The benefits of partnering with an expert financial advisor go far beyond improving your bottom line. Financial stability leads to operational stability, which empowers your entire organization.

You don't have to choose between a better world and the bottom line.

Beyond the Bottom Line helps nonprofits and social enterprises take control of their numbers so they can achieve greater financial success. Through financial assessments, interim CFO services, executive searches and outsourced accounting services, BTBL operates as an objective, hands-on financial partner on an as-needed basis. Since 1998, our executive-level professionals have filled leadership and advisory roles for more than 175 organizations.
